ORACLE - FIRE ISLAND

Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. Giuseppe Lipari (illustrator). 201 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.The adventure continues! With the first element (earth) painfully collected within the Oracle, Ret Cooper and his friends return home to find that things are only heating up. Thanks to some mischief caused by the peculiar Benjamin Coy, Ret s second scar makes its explosive debut. But what does it mean, and where will it take them? These questions gnaw at Ret as he begins his sophomore year at Tybee High. With challenging twists, inspired turns, and a few unexpected surprises, our hero once again confronts danger and disaster, while discovering newfound feelings for a certain female companion. Old friends and foes, along with a few new ones, follow Ret as more of our world s mysteries lead him to Fire Island and the second element (fire). Ancient artifacts, a hot-air balloon, lines in the desert, a city in the mountains, tribal societies, and even the navel of the world all play their parts in Ret s continued quest to fill the Oracle. This second installment in the Oracle series is a must read, full of fun, adventure, and wholesome purpose. Hang on tight as author C.W. Trisef takes you to places and predicaments you have never seen before or even imagined, and makes you feel like you are a part of Ret s destiny, to cure the world.
