Neoclassical Microeconomic Theory: The Founding Austrian Vision

By Anthony M. Endres

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.Carl Menger, Friedrich Wieser and Eugen Bohm-Bawerk are acknowledged as pioneers in the development of neoclassical economics, as well as being recognized as the founders of the Austrian School of Economics. Neoclassical Microeconomic Theory examines their contribution and compares it with the other branches of neoclassical economics that emerged between the 1870 s and 1930 s. The author begins by exploring the initial stimulus provided by Carl Menger s work, and then demonstrates how the views of Menger, Weiser and Bohm-Bawerk complement one another and the tensions exhibited between them: the scope and method of economics; theories of choice; price theory; competition; entrepreneurship; and capital formation and distribution.
