When he hears of seismic activity in Yellowstone National Park, John realizes what s coming: the Yellowstone Caldera is about to erupt. In the hectic days before the eruption, John tries to warn family and friends with varying success. Although he convinces his wife and children, others dismiss him as a nut-job survivalist. In preparation for the disaster, John lays in food and other supplies as he struggles to understand dreams that prompt him to action. Written by disaster preparedness consultant Kenneth Cary, Curtain Fall is a realistic, day-by-day portrayal of how to prepare for and survive a major disaster. The last time the Yellowstone Caldera erupted, thousands of square miles were covered with volcanic rocks and ash, devastating what is now Wyoming, Montana, and Idaho. Will you be ready when the curtain falls?.
