Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.These questions are similar to the ones asked in the actual Test. How should I know? I know, because although I have been working as an SAP HR Architect for many years, I have myself recently certified with the latest version of the HCM Payroll Associate Certification test. Before you start here are some Key features of the Exam. This certificate builds on basic consultant skills and experience that is then refined by practical experience during several projects. This exam validates whether SAP focused Payroll consultants have advanced business skills and the ability to apply methodologies and tools. The exam is Computer based and you have three Hours to answer 80 Questions. The Questions are (mostly) multiple choice type and there is NO penalty for an incorrect answer. Some of the Questions have more than one correct answer. You must get ALL the options correct for you to be awarded points. For questions with a single answer, the answers will have a button next to them. You will be able to select only one button. For questions with multiple answers, the answers will have a tick box next to them. This allows you to select multiple answers. You are not allowed to use any reference materials during the certification test (no access to online documentation or to any SAP system). Clearing the Certification will not automatically lead you to a job. However a Certification with some project experience will certainly open a lot of doors for you. So if you have little or no experience, you should get yourself certified, get some project experience, and then the whole of the SAP World open for you to explore. Helping...
