

Counter-Chemical, Biological, Radiological, and Nuclear Operations - Air Force Doctrine Document (Afdd) 3-40

By U S Air Force

Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The threat or use of chemical, biological, radiological, or nuclear weapons by hostile regimes and terrorists represents one of the most difficult challenges facing our nation and our Air Force. This challenge is further complicated by the advance of technologies used to develop and deliver these weapons, making it possible for our enemies to attack us at a time and place of their choosing, with little or no warning. Success in defending our nation, our military forces, and partners and allies depends on how effectively we apply air, space, and cyberspace power to counter this threat. Many of our adversaries are actively seeking or already possess weapons of mass destruction and have stated their willingness to employ them. The key to successful protection against this threat is our people and their dedication to this vital mission. This doctrine document, Counter-Chemical, Biological, Radiological, and Nuclear Operations describes the Air Force s role in countering the threat or use of chemical, biological, radiological, and nuclear weapons at the operational level of war. Air Force commanders and personnel...
